Ceramics Created with Passion

DESIGNERS

ADAM PANIAK – architect / designer
Adam set up the HCD Architectural Studio, which has been operating in Cracow since 1998. He provides comprehensive services in the architectural design of interiors and in industrial design. Adam designed the state-of-the-art range of ceramic products for Hybner that will be available in 2013.

PIOTR CHWIAŁKOWSKI – architect / designer
Piotr has been running a design studio in Poznań for 10 years. He provides services in designing private and commercial interiors, as well as new furniture models and interior furnishing items. Piotr created and designed Hybner's new corporate identity and developed a new range of ceramic products.

PAWEŁ HANKUS – industrial form designer
Paweł has been running his own design studio since 2000. He provides services in industrial design and in creating product and architectural visualisations. Paweł is involved in designing and modelling of Hybner's latest collections.

ARKADIUSZ KULON – furniture designer
Arkadiusz is a graduate of the Danish Design School and has worked for Foersom & Lorenzen. He now runs his own design studio. Arkadiusz's greatest passion is in designing furniture that requires expertise, attention to detail, and a sense of beauty and balance.

The delicate and subtle forms of the Retro series are the epitome of femininity and taste. The lines of the ceramic elements – as light and ethereal as Marilyn Monroe's dress – introduce a fashionably glamorous style to your bathroom.

RETRO BEIGE COLLECTION

Fashion passes, style remains. - Coco Chanel

RETRO BEIGE COLLECTION

Could your bathroom remind you of your most beautiful Venetian holidays? The classic Italian design of the Retro Beige series makes your interior luxurious and comfortable.

ADDITIONAL INFORMATION

COMPANY WEBSITE

We encourage you to visit our website at www.hybner.com.pl and see what we have to offer. You are sure to find new products and interesting decorating ideas. You can also download our most recent pricelist and product catalogue.

MAINTENANCE SERVICES AND DISTRIBUTION

We provide warranties and post-warranty services on our products. Spare parts are also available for purchase. Product information is available from the Hybner S.A. Customer Service Department. Please call us on +48 61 634 26 04.

STANDARDS AND COMPLIANCE

Hybner products comply with all the applicable standards. This is confirmed by the certificates we hold from the Institute of Glass and Ceramics in Warsaw, ISO certificates, and hygiene certificates (these can be downloaded from www.hybner.com.pl).

AWARDS AND DISTINCTIONS

The prestigious "Silver Quality of the Year" [Jakość Roku Srebro] award affirms that our products are of the highest quality.

This is our guarantee to our customers that we consistently manage quality, our product range, and the correct operation of every part of our enterprise.

Hybner first joined that prestigious group of producers distinguished with the "Quality of the Year" [Jakość Roku] emblem in 2006. This distinction attests to the superlative quality of our products.

The "Fair Play" certificate is proof positive that Hybner adheres to the highest standards of integrity and reliability in its dealings with its business partners and its staff.

Hybner was awarded the "Poland: Now" [Teraz Polska] promotional emblem in 2001 (the 11th edition of the competition) for the KLAUDIA series of bathroom ceramics.

The quality of our products is further confirmed by the medal we won at the Poznań International Fair. The jury was made up of recognised and outstanding specialists from various sectors of the construction industry.

PRODUCT FEATURES

Advanced Technologies

These are used to maximise quality and protect the environment.

"Soft Close" System

The Soft Close toilet seat ensures quietness, comfort and safety of use.

Bathroom for the Disabled

Medicus products are designed for simplicity of use.

"Hybner Flushing System"

This is a system of holes to ensure perfect flushing, cleanliness and hygiene.

Flushing System

The quantity of water used can be set to 3 or 6 litres as required. This protects the environment and saves money.

Bathroom for Children

These products are designed for children because they count too.

High-Quality Glazing

Glazing is the "clothing" that gives ceramic products their colour and shine. Our glazing is of the highest quality.

Universal Application

The Benque, Fort and Froid series washbasins can be either cabinet or furniture.

Modern Design

We use modern and unique designs to make our products appeal to everyone.

The Hybner Flushing System is a technical solution we use in our toilet bowls and close-coupled WC suites. This is a system of specially designed and appropriately slanted holes for perfect flushing and hygiene.

The special FLASH antibacterial coating protects the ceramic surface against dirt and limescale deposits. The coating is invisible and safe for the environment and human health.

The Integrated Management System, including ISO 9001 and ISO 14001, implemented at Hybner covers design, production, distribution and product services, and confirms the high quality of our products.

Hybner ceramic products come with a 6-year warranty.

Hybner S.A. ceramic products are manufactured in the company's production plants in Środa Wielkopolska.
